# **Minutes of Pre Bid Meeting**

**Name of Work:** Operation and Comprehensive Annual Maintenance of HVAC System Installed at AIIMS Raipur.

#### Reference:

- 1) GEM Bid no.:GEM/2024/B/5519131 dated 07/12/2024
- 2) Pre Bid Meeting Date & Time: 16.12.2024 & 3:00 P.M.

The Tenderfor above mentioned work were uploaded on GEM portal on 07/12/2024 with Pre bid meeting to be held on 16/12/2024.

Following Bidders submitted their queries through e-mail:-

- 1. Blue Star Ltd.
- 2. Shinryo suvidha India
- 3. DB-AIRE India Pvt. Ltd.
- 4. Carrier

S. No.	Pre-bid Query from Bidder	Reply from AIIMS Raipur		
1) Blu	ie Star Ltd.			
1	Work Completion Certificate and TDS Certificates:  Can a work completion certificate issued by a private institution, such as Airports, against eligibility criteria, provided the relevant TDS	Eligibility Criteria'' as mentioned in Buyer uploaded ATC document.		
2	BMS System Scope Clarification: We understand that the Building Management System (BMS) is not within our scope of work (as per SOW pt. i.1.1). However, the BOQ includes references to the BMS. Kindly confirm.	of work.		
3	OEM Requirements for Servicing Equipment:  Are there any specific requirements to engage the Original Equipment Manufacturer (OEM) for servicing equipment such as chillers, cooling towers, VFDs, etc.?  - Does the scope include annual inspections?  - Are back-to-back AMCs with OEMs required?	Please Refer "Para (iii) point no. 3.9" of Scope of work and "Para (iii) of Minimum Eligibility Criteria as mentioned in Buyer uploaded ATC document.		

4	Repairs of Chilled Water Pipelines: The Scope of Work mentions comprehensive repairs of chilled water pipelines, including underground pipelines. Could you clarify: - The extent and limits of such repairs? - If leakages already exist in the underground pipelines, will AIIMS repair them prior to handing over the contract?	Please refer "Para (iii) point no. 3.6" of Scope of work.  Work includes comprehensive repair of pipe line where replacement of pipe line is not in scope.  There is no leakages in the existing pipe lines, however if there is any leakage need to be rectified by the agency.
5	Painting of Equipment: For the painting of equipment mentioned in the Scope of Work: - We understand the scope is limited to touch-up painting. Kindly confirm	Please refer "para iii point no. 3.15" of Scope of work.  Painting of rusted cable trays, Plant room, AHU Rooms and ducting cleaning is not in agency's scope.
6	Provisions for Unlisted Items: What are the provisions for supplying items not explicitly listed in the BOQ, such as cooling tower fills, filters, etc.?	Please refer "para iii" of Scope of work.
7	Site Visit Observations and Related Queries: 750 TR Chiller No. 1: This chiller is currently non-operational. Kindly confirm if AIIMS will repair it before handing over.	All Chiller units will be handed over in operational conditions.
8	Main Header of Chilled Water Plant:- The main header is located in a trench surrounded by water accumulation, creating operational challenges. Please confirm if this will be addressed before the handover.	Please refer "para 9.1.3 point no. 16" of Scope of work.
9	Medical and Nursing College Chillers: Out of 4 chillers, 2 are non-operational due to electrical wiring issues and compressor faults. Kindly confirm if AIIMS will repair these before handover.	All Chiller units will be handed over in operational conditions.
10	Air Handling Units (AHUs):-Condition of the existing AHUs filters needs replacement. We understand BOQ item no. 5.1 to 5.4 are meant for replacement of these Fine and Pre filters needed for all installed AHUs. Kindly confirm.	AHU filters, if required to be replace will be done at the discretion of Engineer-incharge or his authorised representative and shall be replaced under item no. 5.1 to 5.4 mentioned in BOQ.

11	Chilled Water Lines:-The pipelines are rusted and only painted with red oxide, which provides insufficient protection against potential leaks. If leakages already exist, will AIIMS repair them before handing over?	Please refer "para iii point no. 3.15" of Scope of work. There is no leakages in the existing pipe lines, however if there is any leakage need to be rectified by the agency.		
12	Electrical Panel and SFU Switch: Some of the electrical panel and SFU switch are broken and require replacement. Will AIIMS repair them before handing over?	Please refer "para iii" of Scope of work.		
13	Manpower Requirements: 1. Currently, 13 personnel are deployed for operations across the AIIMS facility. Additional manpower for maintenance is arranged as needed. Please confirm is there any requirement of additional manpower in this contract? 2. Also, does the 20 Manpower nos. includes relievers?	Please refer "Para vii- Contractor's Personnel" of Scope of work.  Reliever if any is excluding to 20 nos. of manpower.		
14	Cooling Towers: Two cooling towers at the Nursing and Medical College are not operational. Kindly confirm if AIIMS will repair these before handing over.	All Cooling tower units will be handed over in operational conditions.		
15	The motor for Cooling Tower 1 in the plant room is faulty and currently under replacement. Please confirm if AIIMS will address this issue.	All Cooling tower units will be handed over in operational conditions.		
16	Kindly confirm the EMD amount as there is variation in the amounts mentioned on Pg.17 and Pg. 60 of the tender document			
17	All the staffs (except the Site In-charge) will be on third party payroll, managed by a payroll partner. However, the payroll partner shall purely process the salaries, while we shall be responsible for entire selection, training, statutory compliances & performance of the said staff. We shall be solely responsible for the deliverables & performance as per the agreed contract terms.			

### 2) Shinryo suvidha India

Eligibility criteria has been asked for "Comprehensive maintenance and Operation of HVAC System with minimum 600 TR capacity of individual chiller/ Comprehensive maintenance of HVAC System with minimum 600 TR capacity of individual chiller.

Whereas we can provide a work completion certificate of total plant capacity 5400TR in a single tender.

The completion certificate with the necessary documents are enclosed herewith for ready reference.

So requesting you to kindly consider the enclosed document for qualification and revise the eligibility criteria

To the total tendered plant capacity of 3900TR instead of individual chiller capacity of 600 TR.

Please Refer "Minimum Eligibility Criteria" as mentioned in Buyer uploaded ATC document.

### 3) DB-AIRE India Pvt. Ltd.

1	In referred tender number, we have not found	
	any OEM authorisation clause for chiller units.	
	In earlier tender this has been mentioned clearly	
	and Hi-side (Chiller) maintenance has to be	
	done with OEM only. We, OEM of Dunham	
	Bush, are not authorising any party/agency to	
	maintain the high side (chiller) in behalf of us.	
	This is betterment of chiller units performance	
	as it's related to our brand reputation.	
	1	

Being a OEM of Dunham Bush make chiller, is this mandatory to show service centre in Odisha state.

As we are in MSME category, hope no EMD is applicable.

Please Refer "Para (iii) of Minimum Eligibility Criteria" as mentioned in Buyer uploaded ATC document.

It is further clarified and amended, that

"If the main agency is not an OEM/ authorized service agency of OEM, then main agency will associate to the OEM/ authorized service agency of OEM for Comprehensive maintenance of High side of HVAC system."

EMD clause is mentioned in Bid documents please refer the same.

"OEM / OEM Authorized vendor" – We "Carrier Airconditioning & Refrigeration Limited" is the original equipment (CFM) for #4 Nos of Water-cooled centrifugal chiller installed in Main plant of AIIMS -Raipur. Chiller installed were manufacture by us in our YLC (China) factory and were installed by Voltas.
